

High Durability Low Failure Steel Melting Furnace High Energy Saving

Our Product Introduction

for more products please visit us on melt-furnaces.com

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent : national testing report; quality management system
- Model Number: to be customized
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: water proof
- Delivery Time: 30~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 1000000 sets

Product Specification

- Failure: Low
- Durability: High
- Safety: Complete And Reliable
- Noise: Low
- Maintenance: Low
- Melting Speed: Quick
- Advantage: High Power Saving
- Highlight: **High Durability Steel Melting Furnace,
Low Failure Steel Melting Furnace**

Product Description

Product Description:

The Steel Melting Furnace is an induction melting furnace for steel with electric induction furnace for melting steel. It has a high power saving advantage, low noise, low failure, high durability and low maintenance. This melting furnace for steel offers a reliable and powerful solution for industries with high melting requirements. It is mainly designed to be power saving and high efficiency with a long-lasting service life and low maintenance costs. The furnace is also equipped with advanced noise reduction technology, so it can operate at low noise levels. It is also highly efficient and energy-saving, making it an ideal choice for those who want to reduce their running cost for melting process. With its superior features, this Steel Melting Furnace is perfect for industries that need a reliable and powerful solution for melting steel.

Features:

Product Name: Steel Melting Furnace

Noise: Low

Failure: Low

Advantage: High Power Saving

Maintenance: Low

Melting Speed: Quick

Induction Melting Furnace for Steel

Melting Furnace for Steel

Steel Melting Furnace

Technical Parameters:

Induction melting furnace power supply, thyristor type serial-connected resonance medium frequency type(1.5 tons), as for other data of other capacity (tons), please check other pages in our this website.

Characteristic	Description
Type	GW1.5-1000-0.5S
Rated capacity (T)	1.5
Rated power (KW)	1000
rated frequency (HZ)	500
power supply (V)	575
inlet current (A)	1000
medium frequency voltage (V)	2800
load type	One power supply cabinet drives one induction furnace
adapted transformer (KVA)	1000

Applications:

Huarui Steel Melting Furnace - For Quick and Reliable Steel Melting

Huarui steel melting furnace is designed to meet various steel melting requirements. It is equipped with advanced induction heating technology, providing quick and reliable steel melting. It can also provide complete and reliable safety, high power saving, high durability and low failure.

It has been awarded patent, national testing report and quality management system certification, ensuring the highest quality of the product. Huarui steel melting furnace is available with minimum order of 1 set, and the price is to be negotiated. It is packaged in waterproof condition and its delivery time is in 30~45 days. It is supplied with the capacity of 1,000,000 sets. The delivery and payment terms are T/T and L/C respectively

If you are looking for a reliable and efficient steel melting furnace, Huarui steel melting furnace is your ideal choice.

Customization:

Steel Melting Furnace Customized Service

Brand Name: Huarui
Model Number: to be customized
Place of Origin: China
Certification: patent : national testing report; quality management system
Minimum Order Quantity: 1
Price: to be negotiated
Packaging Details: water proof
Delivery Time: 30~45 days
Payment Terms: T/T; L/C
Supply Ability: 1000000 sets
Maintenance: Low
Melting Speed: Quick
Advantage: High Power Saving
Durability: High
Safety: Complete And Reliable

Our steel melting furnace is a kind of steel induction melting furnaces, with high power saving, fast melting speed, complete and reliable safety, and high durability. The furnace is certified with patent, national testing report, and quality management system, which makes it the best choice in the market. The minimum order quantity is 1 and the price is to be negotiated. The delivery time is 30-45 days and we accept payment terms of T/T and L/C. Our company has the supply ability of 1000000 sets. The packaging is waterproof.

Support and Services:

Steel Melting Furnace offers technical support and services designed to keep your furnace running smoothly. Our experienced engineers are available to answer your questions and provide assistance with troubleshooting and maintenance. With our expertise, we can help you identify and resolve any problems quickly and efficiently.

We are available 24/7 for technical support, so you can rest assured that help is always available when you need it. Our team of technicians is well-versed in all aspects of furnace operations, and can provide assistance with everything from installation to ongoing maintenance. We can also provide advice on safety and compliance standards, as well as help you find the right replacement parts if necessary.

We understand the importance of keeping your furnace running smoothly and efficiently, and our experienced team is ready to help. Contact us today for more information about our technical support and services for Steel Melting Furnace.
