

Durable Quick Steel Melting Furnace High Energy Saving

Our Product Introduction

for more products please visit us on melt-furnaces.com

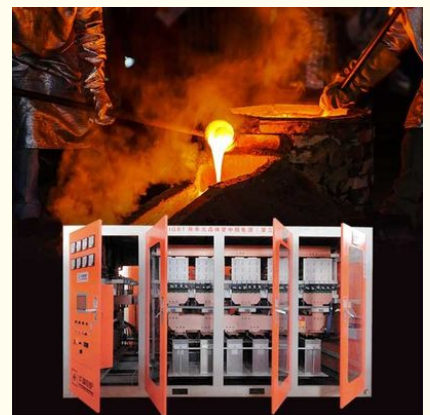

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent : national testing report; quality management system
- Model Number: to be customized
- Minimum Order Quantity: 1
- Price: to be negotiated
- Packaging Details: water proof
- Delivery Time: 30~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 1000000 sets

Product Specification

- Advantage: High Power Saving
- Safety: Complete And Reliable
- Maintenance: Low
- Durability: High
- Failure: Low
- Noise: Low
- Melting Speed: Quick
- Highlight: **Quick Steel Melting Furnace,
Steel Melting Furnace Energy Saving**

Product Description

Product Description:

Our steel induction melting furnace is a reliable and resilient melting unit for steel processing. It features a low failure rate, high durability, complete and reliable safety, low maintenance, and quick melting speed. With advanced industrial design and construction, our steel induction melting furnace is perfect for efficient and effective steel melting. It is highly reliable, durable, and offers outstanding performance with low maintenance requirements. Our steel induction melting furnace also offers a quick melting speed which makes it perfect for high-volume production. It is designed to provide improved safety features and is trusted by thousands of customers in the steel melting industry. Our steel induction melting furnace is the ideal choice for any steel melting process, providing reliable results with minimal effort.

Features:

Induction Furnace for Melting Steel: Low failure, High durability, Quick melting speed, Low maintenance, Complete and Reliable safety.

Electric Induction Furnace for Melting Steel: Low failure, High durability, Quick melting speed, Low maintenance, Complete and Reliable safety.

Induction Melting Furnace for Steel: Low failure, High durability, Quick melting speed, Low maintenance, Complete and Reliable safety.

Technical Parameters:

Rated volume ranges from 0.5ton to 20 tons, please reiview our other product details with different rated volume in this website.

Induction melting furnace power supply, thyristor serial-connected inverter medium frequency power supply , one power supply cabinet drives two furnaces

Type	DX-500Kw
inlet power supply (V)	380V/ three phases
inlet current (A)	816A
Direct current voltage (V)	500
Direct current (A)	1000
medium frequency voltage (+-10%) V	1200
medium frequency (Hz)	100-500Hz
medium frequency power (Kw)	500KW

Applications:

Huarui melting furnace for steel has become the first choice of many steel processing factories and smelting plants. This is mainly because of its excellent brand name, reliable certification, minimum order quantity, competitive price, complete and reliable safety and low failure rate. The quick melting speed, low maintenance cost and high durability of Huarui melting furnace for steel is also very attractive.

By choosing Huarui melting furnace for steel, you can get the advantages of waterproof packaging, fast delivery within 30-45 days, flexible payment terms such as T/T or L/C, and a large supply capacity of up to 1000000 sets. In addition, Huarui melting furnace for steel is designed with complete and reliable safety as well as low failure rate, which can help you to save time and money.

Therefore, if you are looking for a reliable and durable melting furnace for steel, Huarui melting furnace for steel is definitely your best choice. With its excellent brand name, reliable certification, minimum order quantity, competitive price, complete and reliable safety and low failure rate, Huarui melting furnace for steel is definitely trustworthy and worth your trust.

Customization:

Steel Melting Furnace

Brand Name: Huarui

Model Number: to be customized

Place of Origin: China

Certification: patent : national testing report; quality management system

Minimum Order Quantity: 1

Price: to be negotiated

Packaging Details: water proof

Delivery Time: 30~45 days

Payment Terms: T/T; L/C

Supply Ability: 1000000 sets

Noise: Low

Advantage: High Power Saving

Durability: High

Failure: Low

Melting Speed: Quick

Huarui Steel Melting Furnace is a perfect induction furnace for melting steel. It is featured with low noise, high power saving, high durability, low failure and quick melting speed. With the national testing report and quality management system, Huarui Steel Melting Furnace is your ideal choice for induction melting furnace for steel.

Support and Services:

Technical Support and Service for Steel Melting Furnace

Our technical support and service team is available to provide you with comprehensive assistance with our Steel Melting Furnace products.

We offer a wide range of technical support services to suit your individual needs, including:

Troubleshooting

Installation

Maintenance and repair

Upgrades and modifications

Technical advice and recommendations

Our experienced technicians are available to provide you with comprehensive support and advice to ensure your Steel Melting Furnace is working optimally.

If you have any questions or require further information about our Steel Melting Furnace, please contact our technical support and service team
