

Efficient Iron Melting Furnace With Low Maintenance For Industrial Applications

Our Product Introduction

for more products please visit us on melt-furnaces.com

Basic Information

- Place of Origin: China
- Brand Name: Huarui
- Certification: patent; national test report; quality management system
- Model Number: to be customized
- Minimum Order Quantity: 1 set
- Price: to be negotiated
- Packaging Details: waterproof
- Delivery Time: 30~45 days
- Payment Terms: T/T; L/C
- Supply Ability: 1000000 sets/year

Product Specification

- Technology: First Class
- Power Saving: High
- Durability: High
- Melting Time: Quick
- Reliability: High
- Maintenance: Low
- Safety: High
- Failure: Low
- Highlight: Industrial Metal Melting Furnace,
Industrial Iron Induction Furnace

Product Description

Product Description:

Our Iron Melting Furnace is the perfect choice for all your induction furnace needs. With low power consumption, high durability and quick melting time, our Iron Melting Furnace provides you with the best in safety and reliability. Made from the highest quality materials, our Iron Melting Furnace ensures that you can melt iron or steel with ease and efficiency. With a low rate of failure and high safety, our Iron Melting Furnace is sure to meet all your needs. Our Iron Melting Furnace is perfect for steel melting and induction furnace applications. Get the best in iron melting and steel melting with our Iron Melting Furnace.

Features:

Product Name: Iron Melting Furnace

Maintenance: Low

Technology: First Class

Durability: High

Made in: China

Failure Rate: Low

Keywords: Metal Melting Furnace, Induction Furnace

Technical Data:

Induction melting furnace power supply, thyristor serial-connected inverter medium frequency power supply , one power supply cabinet drives two furnaces

Type	DX-1000Kw
inlet power supply (V)	380V/ six phases
inlet current (A)	816A
Direct current voltage (V)	1000
Direct current (A)	1000
medium frequency voltage (+/-10%) V	2400
medium frequency (Hz)	100-400Hz
medium frequency power (Kw)	1000KW

Applications:

The Huarui Iron Melting Furnace is the perfect choice for those looking for a reliable smelting solution. This high-performance furnace is designed to quickly and accurately melt iron in the most efficient way possible. It features an advanced induction system that is capable of melting iron in a fraction of the time required by other furnaces, while consuming a minimal amount of energy. The furnace is also made in China with materials of the highest quality, ensuring top-notch durability and a long lifespan. With low maintenance requirements and a quick melting time, this smelting furnace is able to deliver great results at an affordable price. The furnace also comes with a patent, a national test report, and a quality management system, making it a great choice for anyone looking to purchase a reliable and efficient melting furnace.

Customization:

Iron Melting Furnace – Huarui

Brand Name: Huarui

Model Number: to be customized

Place of Origin: China

Certification: patent; national test report; quality management system

Minimum Order Quantity: 1 set

Price: to be negotiated
Packaging Details: waterproof
Delivery Time: 30~45 days
Payment Terms: T/T; L/C
Supply Ability: 1000000 sets/year
Safety: High
Maintenance: Low
Failure: Low
Durability: High
Technology: First Class

Industrial Melting Furnace: Huarui's industrial melting furnace is suitable for steel, iron, aluminum and other metals.

Induction Furnace: Huarui's induction furnace is designed for secondary metallurgy of iron and steel.

Steel Melting Furnace: Huarui's steel melting furnace is designed for melting and refining of special steel.

Support and Services:

Technical Support and Service for Iron Melting Furnace

Our company provides technical support and service for our Iron Melting Furnaces. Our highly trained staff will be available to answer any of your questions and provide assistance with installation and maintenance of the furnaces.

We have a 24/7 customer service line that can be used for any emergency repairs or technical support. We also offer on-site repair and maintenance services if needed.

Our team is committed to providing the highest quality of service to ensure that your Iron Melting Furnace is running optimally. We will do whatever it takes to make sure that you have the best experience possible.

If you ever have any questions or concerns, please do not hesitate to contact us.

Packing and Shipping:

Packaging and Shipping

Iron Melting Furnace

The Iron Melting Furnace is packaged in a secure cardboard box equipped with foam inserts and a secure lid. It is then placed in a wooden crate and securely fastened to ensure that it reaches its destination without any damage.

The Iron Melting Furnace is shipped via ground transport. It is insured and tracked to ensure a safe and timely delivery. Upon shipment, a tracking number will be provided to the customer to monitor the progress of the shipment.
